Dear Sir:

Enclosed, please find a Preliminary Amendment in reference to the
above-identified patent application.

In the Specification:

In accordance with 37 C.F.R. §1.121(b)(3), please replace the
specification on file with the substitute specification (in clean form) that is filed
concurrently herewith in compliance with 37 C.F.R. §1.125(b) & (c). In
accordance specifically with 37 C.F.R. §1.121(b)(3)(iii) and 37 C.F.R.
§1.125(b)(2), also filed herewith is another version of the substitute
specification which is marked up to show all changes relative to the previous
version of the specification. Changes made are shown by interlineations (for
deleted matter) and underlining (for added matter). Pursuant to 37 C.F.R.
§1.125(1), Applicant states that the attached substitute specification includes
no new matter.

In the Claims:

Upon filing of the corresponding International Application No.
PCT/NO00/00076, three claims were presented. Subsequently, an
amendment was made to the International Application to reduce the number
